Motion To Supplement The Record

Comes now the plaintiff Samuel Lipari and makes the present motion to supplement the case record to include correspondence sent to the Chief judge of the Western District of Missouri and copied in circulation to this trial court. The plaintiff respectfully requests this supplementation for the following reasons.

1. The plaintiff has brought to the attention of this court its lack of jurisdiction over the parties in the present matter.
2. The plaintiff has requested an emergency hearing on the timely motion to remand the action to state court which has not been held.
3. There are motions before the court contemplating that jurisdiction would be continued to be exercised in this matter of important state interest despite the absence of federal jurisdiction.
4. The plaintiff has a remedy against a continuing violation of the clear duty to dismiss from this court the untimely and improper removal in a collateral action where this supplementing of the record would further the interests of justice.
5. Attachments 1 and 2 are copies of the identified correspondence.

Whereas for the above stated reasons the plaintiff respectfully requests that the court grants this motion to supplement the record.

Respectfully Submitted,

Samuel K. Lipari *Pro se*
